RO 2020

Annex 2
(art. 2, para. 1)

Technical requirements applicable to interfaces, in accordance with art. 3, al. 1, ILO ²

N ^o	Document title	Editing
RIR0000	Technical interface requirement: basic document	10
RIR0101	Aeronautical communication	9
RIR0102	Aeronautical navigation	9
RIR0103	Aeronautical surveillance	8
RIR0104	Aeronautical distress systems	4
RIR0105	Aeronautical telemetry / remote controls	3
RIR0201	Terrestrial broadcasting transmitters	16
RIR0203	Services for the realization of special programs and events (PMSE)	21
RIR0301	Point-to-multipoint microwave systems	11
RIR0302	Point-to-point microwave systems	26
RIR0501	Digital cellular telephony	17
RIR0503	Cordless telephones	9
RIR0504	Radio equipment for emergency services	11
RIR0506	Paging facilities (pager)	9
RIR0507	PMR / PAMR radiocommunication installations	18
RIR0510	Intelligent Transportation Systems (ITS)	7
RIR0601	Terminals for the Global Maritime Distress and Security System	9
RIR0603	Maritime communication	9
RIR0604	Maritime radionavigation	10
RIR0702	Weather probes	7
RIR0703	Weather radars	8
RIR0705	Wind-Profiler	6
RIR0806	Fixed Satellite Communication Earth Stations (FSS)	15
RIR0808	Mobile Satellite Communication Earth Stations (MSS)	16
RIR0809	Radionavigation Satellite Systems (RNSS)	4
RIR1001	Alarm systems	12
RIR1002	Railway applications	11
RIR1003	Research, monitoring and data acquisition	17
RIR1004	Radiodetermination	16
RIR1005	Inductive applications	13
RIR1006	Wireless applications in healthcare	18

² The requirements for interfaces can be obtained free of charge from the Federal Office of Communications, rue de l'Avenir 44, PO box, 2501 Bienne, or available free of charge on its website at the following address: www.ofcom.ch> OFCOM> Legal basis> Enforcement practice> Apparatus and installations> Prescrip-technical interface (RIR).

RO 2020

No.	Document title	Editing
RIR1007	Model remote controls	9
RIR1008	Non-specific short-range applications	21
RIR1009	Wireless microphones	25
RIR1010	Broadband data transmission systems	17
RIR1011	Radio frequency identification (RFID)	12
RIR1012	Transport and Traffic Telematics (TTT)	14
RIR1013	Wireless audio applications	16
RIR1021	High power remote control, data transmission and telemetry	12
RIR1023	Ultra Wideband (UWB) Applications	11
RIR1101	Amateur radio equipment	13
RIR1102	CB radio equipment	9
RIR1108	Radiolocation (civilian)	9
