Description: The Product Security and Telecommunications Infrastructure Act received Royal Assent on 6 December 2022. The UK circulated a notification relating to Part 1 of the Act on 29 November 2021. This addendum is being circulated as the final text of the measure is now available following Royal Assent of the Act. It can be accessed at the following website address: <https://www.legislation.gov.uk/ukpga/2022/46/contents/enacted>

With the exception of section 27 concerning the delegation of enforcement functions, and the powers to make regulations, Part 1 of the Bill has not yet come into force. The UK government will introduce regulations that bring the remaining provisions of Part 1 into force as parliamentary time allows.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.
