Description: The Product Security and Telecommunications Infrastructure (Security Requirements for Relevant Connectable Products) Regulations 2023 were signed into UK law by the Minister for AI and Intellectual Property on 14 September 2023, after their approval by the Parliament of the United Kingdom. They will enter into force on 29 April 2024, alongside the wider product security regime that they form a part of, set out in Part 1 of the Product Security and Telecommunications Infrastructure Act 2022.

¹ This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.
